
Cars Education Workbook V3 Answers53

This book is only a guide, not legal advice. Keys4Life is a comprehensive, nationally award-winning science-based driving training program. Behind the wheel, we are responsible for the lives of others. We must be able to drive a car in any conditions, regardless of our physical and psychological condition. When we read this book, we understand more than anyone else that this is not just a theoretical guide, but a practical tool for safe driving that we can use at any time. This book is not a legal guide, and we do not intend to give legal advice.
